

Insurance and Risk Solutions

Who We Are

Talos Insurance & Risk Solutions is a member of the Insurance Advisernet family and we are well placed to manage your requirements.

Founded by Andrew Perros and George Peros – who between have over 40 years experience in general insurance broking – the Talos business is based on delivering an entirely personalised service and qualified insurance and risk solutions.

What We Do

At Talos you're never on your own.

We negotiate tailored insurance packages for each of our clients, ensuring that your cover is both appropriate and cost effective. And when it comes to a claim, we'll manage the whole process for you to make sure you get the right result.

As your appointed General Insurance Adviser, we will:

- Conduct an analysis of your risk/needs and recommend the most appropriate covers to protect your assets and liabilities
- Recommend the most appropriate insurer to match the risk
- Negotiate the best terms and premium on your behalf
- Allow you to pay premiums in monthly instalments
- Provide prompt and timely servicing of your general insurance needs to ensure you are adequately informed of issues that may affect your business

At talos we believe in

- Trust is the cornerstone on which our business is built. We are transparent about the advice we provide and why we provide it.
- Advice that is based on experience, understanding and relationships. Assessing your unique risk profile ensures the right policies are always in place.
- Choice between a wide range of insurance options so your needs can be perfectly met.
- Value is not only based on price but in the quality of advice, depth of relationships, breadth of our offering, efficiency of our systems and advocacy for you in the event of a claim.
